

ASK JOHANNE

CANDIDATE À LA MAIRIE DE BEACONSFIELD

De quoi vous souciez-vous?
What do you care ABOUT?

QUESTION:

Our Question is really about property taxes as a senior disabled couple. So our question is are you able to maintain property taxes at the level they have been at 1.1% for many years now? Or will this say sound wall cost be if successful be put onto us North of the 20 or will any increase to us less since we still have to hear the freight trains. Thank you

Thank you for your message.

As a citizen, I appreciate that our taxes have been steady, and I plan on keeping them this way. I'm aware that the financial impact of a sound wall is a worry for some citizens and I truly understand. I live north of the 20 myself. Rest assured; I don't plan on increasing our already high taxes to fund projects. In regard to our finances:

- I will look for grants and explore all alternatives
- I will review how we can save on some of our expenses (contract negotiations, bulk buying with neighboring cities...)
- I will explore vigorously how we can generate new revenues as a city.

Merci pour votre message. En tant que citoyenne, j'apprécie que nos taxes soient stables et j'ai l'intention de continuer ainsi. Je comprends que l'impact financier d'un mur du son est une préoccupation pour beaucoup de citoyens et je comprends. J'habite au nord de la 20. Soyez assuré que je ne panifie pas d'augmenter nos taxes, déjà élevés, afin de payer pour des projets. En ce qui concerne nos finances :

- J'irai chercher des subventions et explorerai toutes autres alternatives
- Je vais analyser comment nous pouvons économiser sur certaines de nos dépenses (négociations de contrats, achats groupés avec les villes voisines...)
- J'explorerai vigoureusement comment nous pouvons générer de nouveaux revenus en tant que ville.
